Answer: To encourage and support

Basic Butterflies?/ Mystery of the White Monarchs

[Credit for answers: kaybae_95 on Quizlet]

RATE 4 STARS

1. Which of the following statements conveys the central idea of this selection?

Answer: Environmental changes can lead to what was once weird becoming the new normal.

2. Read this excerpt. What is the author's main point in this excerpt?

Answer: Different environments can favor one version of a gene over another.

3. Based on the text, what changed for white monarch butterflies in the mid-1960s?

Answer: The white monarch butterfly population on Oahu was increasing.

4. Put these events in order to show the education and career of "bugman" Mark Berman.

Answer:

1. He went to college for his undergraduate degree at the University of Hawaii.

2. He worked with zoologist John Stimson to research the rare white monarch butterfly.

3. He studied science education and mosquitos in graduate school

4. He started a company that provides educational programs about the natural world.

5. Read this excerpt. Based on the text, sequencing monarch genomes may help scientists answer which of the following two questions?

Answer:

- Are the white monarchs in Vanuatu descended from white monarchs in Hawaii?
 - Is a different gene involved in the wing color of Vanuatu's white monarch?
-

6. Read this excerpt. Based on the text, which one of the following inferences can be drawn?

Answer: Warning coloration and patterns help protect both monarch butterflies and their predators.

7. Read this excerpt. Choose the sentence that contains the scientific word for the "quirks" within a species.

Answer: "These differences are called "polymorphisms," and human populations have them too."

8. Choose the two sentences that show that monarch butterflies are not the only species to exhibit genetic "polymorphisms."

Answer:

- "Tigers in India are sometimes born with black stripes on a white coat."
 - "Black bears in Canada might enter the world wearing white fur, despite their name."
-

9. Choose the sentence that shows what scientists believe may relate to the increase of white monarch butterflies on Oahu.

Answer: "Judging from the carnage they leave behind--disembodied butterfly wings, mostly orange, scattered like autumn leaves on the ground--bulbuls are most likely to target orange monarchs."

10. Read these two excerpts from the selection. Based on the text, the idea of an "evolutionary life raft" helps explain how

Answer: The dark peppered moth was able to make a comeback.

11. Read this excerpt. The word "polymorphism" in this context means

Answer: quirks or differences

12. Based on the selection, the orange and black monarch's color combination is an example of..

Answer: an aposematism

Tweeting the News / The Fight for Accurate Journalism/The Media: From Watchdog to Blog

[Credit for answers: kaybae_95 on Quizlet]

RATE 4 STARS

1. What is the central idea of this selection?

Answer: Journalists are concerned that new methods of reporting are becoming less standardized, and as a result, new information is not as accurate.

2. In this selection, the author compares journalism to a watchdog. Why?

Answer: To provide the reader insight into what responsibilities reporters have

3. Think about your answer to the previous question. Which sentence from the selection confirms why the author uses this analogy?

Answer: In other words, reporters hold government and businesses accountable for their actions.

4. How does the author support the assertion that Twitter is causing more harm than good when it comes to journalism?

Answer: By describing the disadvantages of accepting unsubstantiated reporting as professional journalism

5. Choose the two sentences from this excerpt that reveal two disadvantages of using Twitter as a resource for the news.

Answer:

- "Depending on the person the reader is following--a professional journalist, a friend, someone unknown to them--judging the authenticity and accuracy of a particular Tweet might be difficult."
 - "However, Twitter can also be used to spread unconfirmed, incomplete, or inaccurate information."
-

6. Read this excerpt. The tone can be best described as

Answer: cautionary.

7. Read this excerpt. What two roles does the media have?

Answer:

- Keep the public informed
 - Prevent people from breaking the rules
-

8. The genre of this selection can best be described as

Answer: An informational article.

9. Read the two excerpts. Which statement best describes how the media was viewed in the past compared to today?

Answer: In the past, media was viewed as a way to secure political agendas, while today, media is advocated as a means to secure the truth.

10. Based on what you have read, how do changes in journalism methods, like using Twitter, affect readers?

Answer: They have to determine whether the information they are reading is credible.

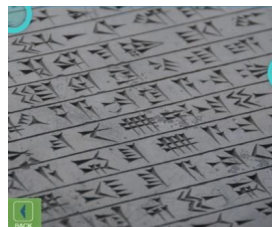

11. Which sentence from the selection is an example of figurative language?

Answer: An active and unhampered media is woven into the fabric of a democracy.

12. How does this image relate to the selection?

Answer: Much to traditional reporters' dismay, Twitter is being championed as the newest form of rapid journalism.

The Power of the Printed Page / Ancient Symbols to Modern Texts/ Read All About It

[Credit for answers: kaybae_95 on Quizlet]

RATE 3 STARS

1. What is the main idea of this selection?

Answer: The process of writing and the advent of books and printing have had major impacts in human history.

2. Which two of the following were obstacles that Gutenberg faced when experimenting with the printing process?

Answer:

- The metal used to cast the letters must have the right combination of softness and hardness.
 - The movable letters must be precise in fit, arrangement, and spacing.
-

3. The word hieroglyphics is derived from the Greek word meaning

Answer: "Sacred carvings" because they were used in highly revered places like temples and tombs.

4. Gutenberg's first printing apparatus was an adapted version of which piece of machinery?

Answer: A winepress

5. In this excerpt, the author makes an analogy comparing the results of Gutenberg's ingenuity to

Answer: Keys that helped unlock the door to the modern world.

6. The image shown in this picture can best be described as

Answer: An ideogram.

7. How do these two excerpts compare to or contrast with each other?

Answer: Both explain early methods of mechanical printing.

8. The text states that parchment would become, and remain, the most popular writing material for more than 1,000 years. What caused parchment to become more widely used than papyrus?

Answer: The high demand for papyrus made the plant become scarce.

9. This selection describes the process of making writing material from the papyrus plant. Put the steps in this process in order from first to last.

Answer:

1. The stem was cut and the interior fibers were removed, flattened, and dried.
 2. The edges of the fibers were overlapped, layered, and pressed together.
 3. The layered papyrus was dried in large sheets.
 4. The sheets were attached together to form rolls.
-

10. The selection describes the process to make a codex. Put the steps in this process in order from first to last.

Answer:

1. The copied pages were folded and separated into numbered groups called signatures.
 2. The signatures were sewn with thread along the folded edge and then bound together with cords.
 3. Beveled boards were attached to the front and back of the signatures, forming a book.
 4. Leather was wrapped around the boards and then decorated with elegant designs.
-

11. Choose the sentence in this paragraph that best summarizes the usefulness and adaptability of cuneiform.

Answer: "Cuneiform proved to be a very flexible form of writing, as its symbols could be altered and arranged in different ways to write languages including Akkadian, Old Persian, and Sumerian"

12. What was the main disadvantage of using pictograms as a form of communication?

Answer: The intended message could be incorrectly construed by the reader, leading to miscommunication.

13. What does this excerpt suggest about ancient times?

Answer: Scribes, and the ability to write, were both held in high esteem.

14. During the middle ages why did monasteries chain their book to shelves?

Answer: To prevent the rare and valuable text from being stolen.

Female Flyers Make History / Silver Wings/ THE WASP Pilots of WWII

[Credit for answers: kaybae_95 on Quizlet]

RATE 4 STARS

1. Which statement best captures the central idea of this selection?

Answer: Pioneering female pilots of WWII broke barriers, creating opportunities for women in the future.

2. Based on this text, male air force pilots were sent into combat in WWII, while female pilots

Answer: Flew military planes in non combat roles such as moving aircraft and towing targets.

3. Based on your answer to the previous question, you can reasonably conclude that in WWII the United States military

Answer: Banned women from serving in combat roles.

4. One form of irony is when a situation is the opposite of what you would expect. Based on this text, it is ironic that after WWII the

Answer: Air force offered WASPS a chance to become air force officers but did not let them fly.

5. The genre of this selection can best be described as

Answer: Informational text.

6. Which two of the following describe what a WI pilot could be doing on a ferrying mission?

Answer:

- Moving military aircraft from one airbase to another
 - Delivering planes from the manufacturer to airbases
-

7. The author writes that female that best supports this assertion. Pilots in WWII could fly just as well as men. Choose the sentence

Answer: "WASP pilots flew every aircraft operated by the air force, and they also flew almost every kind of stateside non combat mission."

8. Based on this excerpt from the text and one other, which two of the following statements are correct?

Answer:

- Male pilots received training in using weapons in combat but WASPS did not.
 - WASPS flew the planes that towed targets for male pilots' shooting practice.
-

9. Read this excerpt from this text and one other. Together they show that

Answer: The military discriminated against women who faced the same level of danger as men in similar roles.

10. How does this image relate to this selection?

Answer: A pilot lost all her navigation maps when they blew out of the open cockpit.

11. Based on this excerpt, you can infer that WASPs.

Answer: challenged traditional gender expectations.

12. Place these events in order to show how female pilots in WWII helped achieve change.

Answer:

1. The U.S. military offered women an opportunity to become air force officers.
2. WASPs were officially granted veteran status, which gave them veterans' benefits.
3. WASPs were awarded the Congressional Gold Medal in recognition of their service.
4. A law was passed allowing WASPs to have their ashes placed in the U.S. military cemetery.

Looking for Clues in Quilts

[Credit for answers: kaybae_95 on Quizlet]

RATE 3 STARS

1. This selection revolves around the

Answer: Questionable authenticity of quilt codes said to be used along the Underground Railroad to help enslaved people find their way to freedom.
